### Applications and use

Typical applications include general purpose labels for Cosmetics, Toiletries and other health and beauty aid products, food and beverage products, promotional labeling, inventory and pharmaceutical & food industry labels: S6112 adhesive is in compliance with FDA 175.105 recommendations. Applications where paper labels are not acceptable due to environment conditions or any other factor.

### Conversion/printing

The product is engineered to provide good lay flat characteristics desired for optimum performance in sheet applications. The product is suited to single and/or multicolor line printing by UV offset and digital xerography printing.

Inks compatibility with sheet surface and press ink curing to be checked before run on the press. The product showcases excellent die cutting characteristics.

**Exposure of sheets to high humidity conditions should be minimized. Since sheet surface is chemically top coated, dyne testing is not indication of printability of the sheet.**

### Shelf life

Two years when stored at 22°C at 50% RH.
